

August 20, 2021

Connect Marketplace Follow-Up

We have received a question regarding whether proof of vaccination is required to attend the Connect event in Tampa, Florida, on Aug. 30-Sept. 1, 2021. In response to that question and for clarity, the Connect team wants you to know that a COVID vaccination or proof of a COVID vaccination is not a requirement to attend, gain access to or enter the Connect event in Tampa, Florida on Aug. 30-Sept. 1.

To host an event that is as safe as possible for all in attendance, we highly encourage that all attendees get vaccinated before attending. You may provide proof of vaccination or a negative test (as detailed below) on a voluntary basis. Regardless of vaccination or testing status, all attendees are required to wear facemasks when indoors or when they are unable to socially distance from one another pursuant to current CDC guidance. In the event of future changes in applicable law or guidance, we may change our requirements.

To be absolutely clear, it is the intent of the Connect team to fully comply with all Florida laws, including the recently enacted law prohibiting business from requiring proof of COVID vaccination (Fla. Stat. § 381.00316). There is no requirement that any attendee be vaccinated or show proof of vaccination to attend the Tampa, Florida, Connect event from Aug. 30-Sept. 1. Providing proof of vaccination is purely optional and voluntary.

Thank you to the more than 1,000 Connect 2021 registered attendees who have already uploaded their vaccine status!

HOW TO: VACCINATED?

If you have received your final vaccine before **August 16, 2021**, you may upload your vaccine record anytime. Follow these steps:

1. Using the exact email address you used to register for CONNECT, Sign in or create an account at--> <https://app.ShareMy.Health>
2. At your "Home" screen click the "+ Upload Your Vaccination" button
3. If you have questions, please reach out to connect@sharemy.health

Connect

NOT VACCINATED?

If you are not vaccinated, **between August 27 and August 30**, take a PCR **-OR-** Rapid-Antigen Test and upload the .pdf Test Result Report into the ShareMy.Health platform by following these steps:

1. Using the exact email address you used to register for CONNECT, Sign In or Create an account at--> <https://app.ShareMy.Health>
2. At your "Home" screen click the "**+ Upload Your Test Result**" button
3. If you have questions, please reach out to connect@sharemy.health
