

Cost to Attend as a Hosted Planner

Connect is a senior leader in the meetings, travel and tourism industry. We are dedicated to improving the effectiveness and efficiency of our stakeholders through a variety of product offerings including conferences, magazines, custom programs and FAM tours.

Connect staff selects and invites planners to attend a particular Connect event based on that event's qualifications. Each selected planner must be able to recommend venues for their future events.

The hosted planner pays a \$200 registration fee to confirm attendance. All planners pay this amount regardless of how they travel to the event. This registration fee is refunded at the end of the event in cash, unless identified separately by the hosted planner. To qualify for the refund, the hosted planner must keep all of his or her appointments with preselected suppliers during Marketplace.

If a hosted planner chooses to cancel prior to the event, the \$200 registration fee is fully refundable unless airfare (if applicable) has been confirmed or show appointments have been released.

<p>Trade show registration is only \$200 for planners. If planners attend all assigned appointments, their \$200 will be refunded during the final day of Marketplace</p>	<p>\$200 (\$200) after appointments \$0</p>
